## PRESIDENT'S MESSAGE

Dear Members,

Happy New Year! As we welcome 2026, I send my heartfelt wishes to you and your families for a year filled with health, joy, and meaningful connections.

Looking back on December, our Holiday Dinner Meeting was a powerful reminder of why we do what we do. We were honored to host **Captain John-David A. Lentine**, Chief of Resource Management for the Coast Guard Southeast District. His insights into leadership, engineering, and operational excellence left a lasting impression. Captain Lentine's distinguished career and personal dedication to service embody the values we uphold at the Navy League.

Now, as we look ahead, I couldn't be more excited about our upcoming **Seven Seas Gala** on **Saturday, January 24, 2026**, at the **Westin Fort Lauderdale Beach Resort**. Our **Guest of Honor** will be **Rear Admiral Brendan C. McPherson, USCG, Director of Operations, (J3) U.S. Southern Command**.

This year's theme, *"Anchored in Amalfi,"* promises a vibrant evening of celebration and camaraderie as we come together to support the men and women of our sea services. I encourage you to reserve your seat and bring a guest. It will be a night to remember.

I also want to express my sincere appreciation to our **Board of Directors** and dedicated volunteers whose hard work behind the scenes continues to move our mission forward.

Thank you for being part of this journey. With your support, we'll make 2026 another extraordinary year for the **Fort Lauderdale Council** — united in purpose, proud in service, and steadfast in our mission.

Stay safe, stay inspired, and may God bless you and our great nation.

Sincerely,

Abiud "Abi" Montes  
President  
Fort Lauderdale Council

## A VIEW FROM THE BRIDGE

### U.S. Naval Sea Cadet Corps, Fort Lauderdale Division

The Fort Lauderdale Division Sea Cadets had a very active month in December. On December 6th, we celebrated with our annual Holiday Party at Sea Cadet Headquarters, catered by Mission Barbecue. Cadets received awards to recognize their achievements, and we celebrated the promotion of our exceptional Commanding Officer, Rosa Ryan, from Lieutenant Junior Grade (LTJG) to Lieutenant (LT) in the Sea Cadets.

## A VIEW FROM THE BRIDGE

### U.S. Naval Sea Cadet Corps, Fort Lauderdale Division continued

Cadets and Staff decorated the Archer 40 ft. Bayliner boat with a patriotic theme, including red, white, and blue lights and an American flag, in preparation for the Winterfest Boat Parade. The December 13th parade was a big success, with the Cadets manning the rails in their white uniforms as they passed the Judging Stand. Thank you to our staff and to our amazing Captains, Brian Ettinger, Jose Carbonell, and LCDR Trent Moon, USCG, for making the journey fun and safe!

## Support Sea Cadet Funding in 2026 Defense Appropriations!

1827 actions taken

173 needed to reach next goal

### The Issue

The U.S. Naval Sea Cadet Corps is a federally supported youth program that provides hands-on training to approximately 8,000 participants each year. The program develops skills in shipbuilding, cybersecurity, aviation, skilled trades, and maritime operations. Nearly half of graduating cadets enter military service.

Congress authorized \$4.3 million in supplemental funding for the Sea Cadets in the FY 2025 National Defense Authorization Act (NDAA), but these funds were not appropriated due to the passage of a full-year continuing resolution. In December 2025, Congress again authorized \$4.3 million for the program in the conferenced version of the FY 2026 NDAA. However, members of the House and Senate must still approve this funding in the conference report for the Department of Defense Appropriations Act, which has not yet been released.

The House-passed defense appropriations bill fully funds the Sea Cadets under the Recruiting and Advertising section of the Navy's Operations and Maintenance Budget. The Senate's draft does not include this provision. Until negotiators agree to include Sea Cadet funding in the final appropriations bill, the program's funding remains uncertain.

### The Solution

If enacted with the relevant provision, the FY 2026 Defense Appropriations Bill would make available the \$4.3 million authorized in the FY 2026 NDAA for the U.S. Naval Sea Cadet Corps. The appropriations process determines whether authorized funds can be spent. As of December 2025, a conference report for the appropriations bill has not yet been released. Ensuring that the conferenced bill includes Sea Cadet funding will secure the program's financing for next year, provided the House and Senate pass the negotiated bill.

### Why You Should Take Action

If appropriated funding is not provided in FY 2026, the Sea Cadet program may face reduced training opportunities and higher costs for participants. The program relies on federal funding to maintain robust training and keep participation affordable for families. Its mission is to support national security workforce development and provide career pathways in defense and maritime industries. The Sea Cadets have historically received funding in appropriations legislation, and continued support is essential to sustain this critical program.

**ST. CROIX, U.S. VIRGIN ISLANDS** - U.S. Sailors and Marines, assigned to the Iwo Jima Amphibious Ready Group – 22nd Marine Expeditionary Unit (Special Operations Capable), aboard San Antonio-class amphibious transport dock USS Fort Lauderdale (LPD 28) volunteered to clean up and conduct facility maintenance at St. Croix Animal Welfare Center and Shelter, Nov. 29, 2025.

“While here in St. Croix, Sailors and Marines were offered the opportunity to give back to the community,” said Cmdr. Jamie McQuiniff, executive officer of Fort Lauderdale. “Many of our Sailors and Marines spend significant amounts of their time giving back through community service [at home], and enjoy continuing that while deployed. Sailors and Marines were able to connect with the local community, providing hands-on assistance with animal care and facility maintenance.”

In 2017, Hurricane Maria caused significant damage to the shelter and its staff was forced to relocate operations to a temporary facility. Since the hurricane, staff has been unable to perform renovations due to limited resources. During the community service event, Sailors and Marines stepped in to assist the shelter by painting walls, cleaning animal living spaces, and walking dogs.

“If we have a whole team of people that are willing to help us for the day, that’s such a blessing to us, for our staff to have a refresh of the space because they do a lot of hard work. The more we can reinforce that they’re valued and that they’re appreciated, that’s great,” said Ashley Bouzianis, the shelter’s director of Marketing & Fundraising.

The St. Croix Animal Welfare Center and Shelter was founded in 1973 and is currently home to 82 dogs and cats. The unique facility is the only open-door animal shelter on the island of St. Croix which allows staff to accept all animals that are surrendered. The facility also partners with ‘Paws from Paradise’ to relocate pets to the continental U.S. where there are more adoption opportunities.

Community service projects are a cornerstone of a deployment. Each opportunity allows Sailors and Marines the opportunity to connect with and give back to the community while fostering vital relationships with partners and allies across the world as ambassadors of the United States. “At the end of the day I think

giving back is what everybody needs,” said one of the participating Sailors from Fort Lauderdale. “[Giving back represents a sense of] self-accomplishment, and it’s good to be able to help people that need help—it feels good.”

USS Fort Lauderdale (LPD 28) is part of the Iwo Jima Amphibious Ready Group (IWO ARG) and among the Navy assets deployed to the Caribbean in support of the U.S. Southern Command mission, Department of War-directed operations, and the president’s priorities.
